1. On 18 January 1955, the Artillerie Kaserne (4442) in Frankfurt/Oder was occupied by about 900 soldiers with red-bordered black epaulets. Several vehicles were parked in the northern section of the kaserne. At 1900 on 22 January, 80 percent of the windows were lighted. On 18 and 22 January, no activity was observed at the installation.¹
2. On 22 January, the Buelow Kaserne (4441) in Frankfurt/Oder was occupied by about 600 soldiers. Twelve 57-mm AT guns and 12 trucks were parked in the northern section of the kaserne. About 60 unarmed soldiers were engaged in field training south of the installation. Ten soldiers with a 57-mm AT gun were seen in the same area. All soldiers observed wore red-bordered black epaulets.²
3. On 13 January, the Eichhorn Kaserne (4446) in Frankfurt/Oder was occupied by about 400 soldiers with black-bordered crimson epaulets. No heavy weapons were observed. Intensive activity was seen in the troop quarters.³
4. On 18 January, the Hindenburg Kaserne (4443) in Frankfurt/Oder was occupied by about 600 soldiers. At 1800, about 90 percent of the windows were lighted. At about 1400, about 50 unarmed soldiers were engaged in field training near the kaserne. All soldiers observed wore red-bordered black epaulets. On 21 January, T-34 _____ came from the direction of Westkreuz and entered the kaserne.⁴
5. On 11 January, the Horn Kaserne (4445) in Frankfurt/Oder was occupied by about 600 soldiers with red-bordered black epaulets. At about 1900, about 95 percent of the windows were lighted. At 1330, JS-2 tank _____ left the installation toward Muellroser Landstrasse. No activity was observed at the kaserne.⁵
6. On 11 January, the Ziethen Kaserne (4444) in Frankfurt/Oder was occupied by about 200 soldiers. About 40 soldiers did field training and about 10 soldiers practiced telephone communication near the kaserne. All soldiers observed wore red-bordered black epaulets. About 10 trucks were parked

on the athletic field. Four canvas-covered tanks stood in front of the armory. Heavy noise of work was heard from the armory.⁶

Fuerstenwalde

7. Between 10 and 27 January, the Fliegerhorst Kaserne (4503) in Fuerstenwalde was occupied to capacity by 1,200 to 1,300 soldiers, including about 1,000 of the AAA unit, and 200 to 300 of a unit which guarded the medical depot and supply depots north of the kaserne.⁷ 25X1
8. During the period of observation, soldiers were seen on the former airfield practicing with 4 x 37-mm AA guns, 8 x 85-mm AA guns, 2 x 25-mm twin-barrel AA guns mounted on trucks, and 2 searchlights.⁷
9. On 18 January, 16 used trucks were entrained from the ramp of the supply depot north of the Fliegerhorst Kaserne.⁷
1. Comment. A light AAA regiment and a medium AAA regiment of the 32d AAA Div of the IV Arty Corps are stationed at the Artillerie Kaserne (4442) in Frankfurt/Oder. The observations confirm the previously reported movements of elements of the light AAA regiment to Jueterbog for firing practice between 10 and 14 January 1955. 25X1
2. Comment. The 25th Gds Mecz Regt of the 7th Gds Mecz Div is stationed at the Buelow Kaserne (4441) in Frankfurt/Oder. Other observations which indicated that the installation is probably occupied by 1,500 to 2,000 soldiers is given more credence. Since the approach to the rear section of the kaserne is difficult, information on the strength of occupation is contradictory. 25X1
3. Comment. It is believed that the Eichborn Kaserne (4446) in Frankfurt/Oder serves as troop processing point and is occupied by a komendatura unit and a Kech furniture store. 25X1
4. Comment. The Hindenburg Kaserne (4443) in Frankfurt/Oder is occupied by the 57th Gds Tk Regt of the 7th Gds Mecz Div. There was no change in the strength of occupation following its return from the fall field exercises in 1954. 25X1
5. Comment. The Horn Kaserne (4445) in Frankfurt/Oder is occupied by the 84th Gds Hv Tk SP Regt of the 7th Gds Mecz Div. No changes in the strength of occupation were observed. 25X1
6. Comment. The 288th Gds AAA Regt and the unidentified RL battalion of the 7th Gds Mecz Div are listed in the Ziethen Kaserne (4444) in Frankfurt/Oder. Since no heavy weapons and vehicle [] were observed, the two units could not be confirmed at the installation. The reported strength of occupation is rather low. The four tanks probably did not belong to one of the units stationed at the kaserne. Tanks which apparently were to be repaired have been repeatedly observed in front of the armory. 25X1
7. Comment. The Fliegerhorst Kaserne (4503) in Fuerstenwalde is occupied by components of the 63d AAA Div of the Fourth Gds Mecz Army and by a guard unit. The AAA units are confirmed by the observation of heavy weapons. The entraining of used trucks is probably connected with the truck exchange movement. 25X1
